

VIRTUAL AND AUGMENTED  
REALITY RECONSTRUCTION

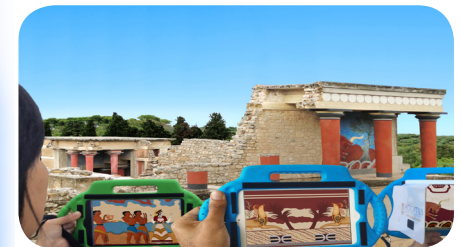

# KNOSSOS 3D

KNOSSOS 3D is a **portable window to the antiquity**. The user can see buildings, objects and humans as they used to be 3500 years ago in Real Time.

It is even possible to zoom and enter inside many rooms providing a super **realistic and immersive experience**.

KNOSSOS 3D by MOPTIL is prepared for sun and rain inconveniences. Ideal for **groups up to 50 people**.

MOPTIL's service is a **worldwide innovation in tourism**.
